Wisconsin Almanac and Annual Register
for 1897.

We shall publish, on or about the 1st of January, No. 9 of our Wisconsin Almanac, Register, containing, in addition to the Calendar for the year, Description of Wisconsin, List of Members of all the successive Legislatures, Tables of all the general Elections held in the State, Census of 1895 by towns, etc., an Appendix, giving much valuable matter. We propose to add to the material contained in the Register for 1896, the Election Returns for last November, by towns—the new Apportionment bill—the Assessment and Equalization of Property for 1896—the Vote of the Union for President—the most valuable statistics for reference, the whole making a pamphlet of about 160 pages.

Price for single copies, 25c; a liberal discount made to those who buy to sell.

RUPUS KING & CO.

To Advertisers.

We shall have a large page for advertisements in the Wisconsin Almanac and Annual Register, which we hope to issue about the 1st of January. As the pamphlet will be of great value for frequent reference, it is an excellent medium for advertising. Those who desire to avail themselves of it will do well to make immediate application.

Steamers Arrive.

The Cunard steamer *Albatross* is now 164 days out, and not heard from at Halifax. The *Baltic* 124 days out, and due at New York.

The State Prison Commissioners Again.

The Madison *Argus* is busily engaged in the case of State Prison Commissioner McGinnis. Not content to wait till the case comes on, in due time, for examination, it looks off with a general assault upon those who are said to be behind the McGinnis case. It denounces Mr. McGinnis, the Wisconsin Prisonmaster, as "rampant anti-Democratic," and is the only one at least two-thirds of the Post Masters of the State, whom only having been recommended to the President, by Messrs. Noonan, Dorey & Co. and further says:

Mr. John M. Schreck, who is mixed up in this affair, is a very good sort of a man; but he is a candidate for the nomination against Mr. McGinnis, was defeated, and has since been down on his knees, which is quite natural. McGinnis and Lathrop proposed to use him and then, after the McGinnis case is disposed of, to place McGinnis and McGinnis, and it is to be made a tool of the same as Schreck.

Having thus settled the matter, we will be able to write our own, we hope the *Argus* will be able to write the development of the investigation; though we are aware that "investigations" have rarely troubled the organs of the defeated "Forces" of late.

Annual Tables from the Customs Service.

IMPORTS AND EXPORTS OF MILWAUKEE—FOREIGN IMPORTATIONS AND DOMESTIC—IMPORTATIONS OF THE YEAR.

Collector Watts has furnished the *News*, the "official" paper here, with his annual tables, which we have corrected as far as possible. Concerning the general importation down to the business of our city by the necessary inaccuracy of these tables of Exports and Imports, we have something to say before we close.

The figures in relation to Foreign Imports and Exports are doubtless correct, and are as follows:

Goods, Wares and Merchandise Imported from Foreign Countries, and Dutiable Goods Imported from the United States, for the year ending December 31, 1896.

The figures collected at the Port of Milwaukee, during the year 1896, up to December 31, amount to:

Value of merchandise imported during the year ending December 31, 1896, \$1,000,000.00.
